

Smarts Ali47

Aluminium Windows

LF REPLACEMENT
WINDOWS & CONSERVATORIES

Slim & Stylish **Aluminium Windows**

Our Ali 47 Windows are very popular, and offer everything you would expect from a quality aluminium window. The inherent strength of the aluminium means the frame is slimmer than PVCu or timber, letting the maximum amount of light into your home. These windows are available in a wide choice of finishes and colours, including dual colours and are now also available with our innovative Chelton® Handle range.

These residential aluminium windows use high quality double glazed sealed units and 'Polyamide' thermal break technology keeping your home warm, quiet and comfortable all year round. They meet all the latest requirements for new build, replacement and refurbishment projects, and provide excellent weather performance.

Key Features

- High performance windows at an affordable price.
- Conventional DUR colour range - White, Black, Dark Grey 7016, Medium Grey, Silver Grey, Cream or Brown.
- Available in any of over 200 single or dual RAL colours.
- Range of textured colours also available.
- 'Polyamide' thermally broken profiles for energy efficiency.
- Hardware available in a range of colours including our exclusive Chelton Handle range.
- Can be supplied unglazed or glazed for 28mm or 24mm units.
- Internally or externally beaded options available.*
- Range of styles available to suit every application.
- Exceeds current building regulations for Doc L.
- Suitable for commercial or domestic projects.

Range Of Styles & Options

Curved & Shaped Windows

The Ali47 can be fabricated in a range of triangular, semi-circular or circular fixed frame windows. These can be used in a range of applications and can be coupled to our doors to create a light and airy space.

Curved Products

- Circular, Semi-circular or Gothic arched windows available.
- Curved products must have true curves.
- Smallest diameter achievable is 600mm.
- Fixed windows only (non opening).
- 70mm or 47mm frame options (ETC018 or ETC012).
- Shaped products use a chamfered clip in bead only.
- Shaped windows can be coupled with most door ranges.

Shaped Products

- Shaped windows are fixed only, non opening only.
- Shaped designs include: Triangular, Octagonal or Trapeziums.
- 70mm or 47mm frame options (All frame options available).
- Shaped windows can use either square or chamfered bead.
- Shaped windows can be coupled with most door ranges.
